Will Rent Houses—The Greater Fairmont Investment Company has decided to rent its fifteen houses along the speedway near Owen's glass works. George H. Brobst, the real estate man, has the renting in charge and already has rented several of the houses. Mr. Brobst's offices are in the Fairmont Hotel building on Jefferson street.

Marriage Certificate—A marriage certificate has been filed by Rev. Henry B. Morgan, of the Methodist Episcopal church, south, Fairmont, which shows that he married Jesse J. Nixon and Clara Tucker on July 1.

Return Assessment Blanks—Thus far much carelessness has been displayed by 200 or more people of Marion county who have failed to return their assessment blanks to the county assessor. These should have been in by July 1 and the authorities under the state law have the power to double the assessment valuation and also to impose a fine of \$500. Those who have not responded will save themselves some additional expense only if they get busy within the next few days.

No Appeals Made—No appeals have been made from assessments before the board of review and equalization, which is now in session in the county court room. Property owners appear to be satisfied with the assessments levied. Most of the business before the board is matters in reference to transfers of property and to see that they are charged up to the proper persons.

Is Improving—J. T. Musgrave, of Paw Paw district, father of Attorney L. C. Musgrave, continues to improve at Johns Hopkins hospital, Baltimore. It is hoped by means of radium treatment that an operation may be avoided.

Home from Pittsburgh—Dr. and Mrs. C. M. Ramage returned last evening from Pittsburgh where they had spent the past week. They took in the races at Uniontown, Pa., yesterday and stopped off in Cassville, Monongalia county, for a few hours and were accompanied home from there by their daughter, Miss Eleanor, who had been the guest of her grandparents during their stay in Pittsburgh.

Reporting of Disease Before Grand Jury

Recent agitation over the typhoid epidemic in Fairmont has given impetus to the enforcement of the law compelling physicians to report contagious and infectious diseases and births and deaths. There has been a general laxity of the law along these lines and the matter will no doubt be brought before the next grand jury for action.

Some physicians have assumed a stubborn attitude on this highly important matter and the probabilities are that Dr. L. N. Yost, county health officer, will lay the facts before Walter R. Haggerty, prosecuting attorney, who will turn them over to the grand jury for investigation.

Hounds' First But Unfavorable Try Out

Bloodhounds belonging to Sheriff A. M. Glover had their first work out this morning when they were put on the trail to catch a thief that visited the cellar of the residence of Clyde Lee along Lee's run, near Barrackville, during last night. The hounds could not be given a thorough test out because some one at the household had washed all of the various receptacles, which the thief is supposed to have handled. Sheriff A. M. Glover and Assistant Prosecuting Attorney Charles E. Miller had charge of the dogs.

Considerable meat was stolen from Mr. Lee's home.

Seven Volunteers For Skilled Service

Seven persons from the local draft board volunteered their services for the special call for skilled workmen which closed yesterday. One person volunteered from the county board. Notice was sent to Charleston last night of the number of volunteers and immediately the boards are expecting a reply notifying them of their allotment.

and precept endeavor to encourage mine workers to the greatest effort possible. They have encouraged attendance at the meetings at which returned soldiers make talks to miners.

Tat Coal Moxie.

There seems to have been some change of plans on the part of those taking the "King Coal" moving pictures in West Virginia, which were supposed to present the activities of the coal industry of the state. The Charleston Leader prints a long story about the film, in which it says:

"Originally it was intended that the moving picture company would visit all the mining districts of the state, but the picture has grown to such immense proportions that this objective has been made impossible. The bulk of the mining scenes will be taken in Logan county, where the conspiracy to be the basis of the picture story will be unraveled, having coal mines exploded and miners rewarded for the best war gardens in the communities. Scenes of mining activities in other communities will also be included. Miss Catherine Gentry expects to have the photoplay on the screen by September 1. It will be shown simultaneously on Broadway and at the West Virginia capital, the first production in Charleston to be for the benefit of the Kanawha War Relief Association.

POSTPONED HEARING.

Justice Conaway today postponed the hearing of Earl Mays, charged with carrying a revolver, until next Wednesday afternoon at 2 o'clock.

MERCHANT ACCUSED OF SHORT WEIGHING

Star Cash Grocery Shy in Sugar, Flour and Lard Claims State Sealer.

That he short weighed commodities and offered them for sale without having marked the net contents upon them constitutes the charge brought against H. S. Stern, proprietor of the Star Cash Grocery in Main street, today before Justice Musgrove. The charges are preferred on the information of G. B. Stewart, state sealer of weights and measures, of Morgantown, who happened into town this morning.

The state sealer says he went to Stern's store in Main street below Monroe, and asked him what he was selling sugar at. Stern replied nine cents a pound. The state sealer then picked up packages being offered at twenty-five cents a package and weighed them. Of the four packages that were weighed they were found to contain 22 cents worth, twenty-one and a half cents worth, twenty-two cents worth and twenty-two and a quarter cents worth on the basis of nine cents a pound, which Sterns originally claimed he was selling sugar for. In every instance this was the gross weight, which included the weight of the package with the sugar.

Mr. Stewart contends that Sterns after he reached the office of Justice Musgrove claimed that he sold the sugar at ten cents a pound. The state sealer has nipped this argument because he claims that not one of the packages contains more than twenty-four cents worth and that is the gross weight at that.

Another violation of the law the state sealer contends, is in the sale of corn flour. In a package marked with 7 1/2 pounds as the contents, Mr. Stewart claims that Sterns was one ounce short.

The next item which the state sealer took up was a five-pound pail of lard. On this no net weight was marked. He sold it at the rate of thirty-five cents a pound or \$1.75 for the pail he claimed. The state sealer alleges that there were 1 1/4 ounces less than five pounds in the pail, and this is reckoned on the gross weight plan.

W. D. Straight, the local sealer, assisted the state sealer in obtaining the data as to weights at his office in the court house. The facts will be submitted in detail at the hearing, which will be held late this afternoon before the state sealer leaves for Charleston.

Shortly before noon today State Sealer of Weights and Measures Stewart sent several boys to the Star Cash Grocery and had them purchase a pail of lard. This time on top of the can the net weight, four pounds and six ounces, was marked, but Sterns sold it at the rate of thirty-five cents a pound or in other words charged the boys \$1.75 for the four pounds and six ounces instead of giving them five pounds, the legal quantity. After the boys had purchased the lard it was weighed by the officials at the office of the county sealer.

There are now two distinct charges pending against Sterns and a third will no doubt be preferred.

Masonic Rites For Wm. Algeo

Funeral services over the remains of William Algeo, who was killed by falling from the South Side bridge, will be held from his late residence, 613 Oliver street, on Saturday afternoon.

The members of the Fairmont Lodge of the Masonic fraternity will turn out in a body, meeting at Masonic Temple at 3:30 o'clock and will proceed to the house. The services at the house will be conducted by Rev. W. D. Reed, acting pastor of First Methodist Episcopal church.

Mr. Algeo was a native of Ireland and was forty-four years old. He was initiated as a member of Fairmont Lodge, A. F. and A. M., in 1903. For twenty years he was connected with the Bell Telephone company.

Burial will take place in Woodlawn cemetery, the Masonic fraternity conducting the services at the grave.

MARRIAGE LICENSES.

These marriage licenses have been issued by Deputy County Clerk Phillips: George Vincent, 23, and Bessie Villiers, 19, both of Fairmont; George Mallick, 28, and Anna Bleski, 28, both of Worthington.

PHYSICAL EXAMS ON AT MANNINGTON

About 85 Per Cent of This Year's Registrants Went In Class One.

The Marion county draft board, No. 2, with headquarters at Mannington, has classed all the new registrants and are today beginning the examination of the new men. Physical examinations for all who have been placed in Class 1 will continue today and tomorrow, at which time it is hoped that all of the new men will have been examined.

Approximately eighty-five per cent of the new registrants were placed in Class 1, most of them waiving all exemption claims. Of the 265 men registered the draft board has issued but fifty-five deferred classifications, including five men who are already in service, two enemy aliens and eight resident aliens.

One hundred men have been summoned to appear for examination today and it is expected that a much larger percentage of the new men will pass the physical examinations than passed the first examinations.

The order numbers of the men given below is the official order number of the new registrants and the order in which they will be called for service. In most cases there has been some little change in the order number as was originally printed on the day that the numbers were drawn.

The men who have been placed in the various classes and their order numbers, including the date for examination of the new Class 1 men, follow:

DOCTORS ADVISE SPRING TONIC

Say There is Nothing Equals Iron and Phosphates

Experienced doctors claim that everyone should take a good tonic in the spring, that during the cold winter months we all eat too much meat, fats, heavy foods and too little fresh vegetables, that the entire system is clogged up, over loaded and over worked, causing thin, impure watery blood and that tired nervous feeling, pimples and bad complexion.

Honest doctors all over the land have found and are recommending and prescribing phosphates and iron as their spring tonic for the blood and nerves, they say it removes all impurities, unclogs the channels and sends the rich, red life-giving blood through the veins, renewing health, strength and nerve force as nothing else will.

If you are all in, run down, fagged out and your nerves all shot to pieces and the joy gone from life, take Phosphated Iron, the red blood and nerve builder. It will make a new man or woman of you, make you feel like doing things again, renew that youthful feeling, you can almost feel yourself coming back. Try Phosphated Iron today, it has helped thousands and will not disappoint you.

To insure physicians and their patients getting the genuine Phosphated Iron it is put up in capsules only, do not allow dealers to give you pills or tablets. Insist on capsules.

BITS OF STATE NEWS

Harry Givens, of Parkersburg, who was reported in the casualty list some time ago as "severely wounded" is recovering, according to a letter received by his sister, Mrs. Ellen Fredlein. "I will be back with my company in a few days," he writes. "My injury was nothing serious so tell mother not to worry."

Owen R. Hopkins, of Moundsville, writes to his mother about the value of French money: "A franc is the size of a quarter and is worth about 20 cents. A fifty centime piece is the size of a dime and is worth 9 cents. A ten centime piece is about the size of a half-dollar and is worth about two cents. A five centime piece is a little larger than a quarter and is worth one cent. A sou is much smaller than a dime and is very thin being worth one cent."

Emery A. Davis, of Parkersburg, writes to his sister in Parkersburg: "Believe me if the 31st gets a shot at the Kaiser and his crew they won't last long."

Charles R. Bailey, of Buckhannon, writes: "Sunday night they had a Charlie Chaplin picture at the movies and I attended. They have a good many American pictures over here and the French go wild about them, especially about Charlie Chaplin."

It is only occasionally that show folks visit West Virginia cities and play to their intimate acquaintances so the engagement of the Fern Holt Concert company at the Moundsville chautauqua recently took on unusual interest for two of the young ladies hail from that city and the two others from Wheeling. The Fern Holt Concert company includes Misses Fern Holt and Helen Hiatt, of Moundsville; Mrs. Linna Henning and Miss Fiori.

Ann Williams, of Wheeling, Miss Holt is a violinist and in addition played at the piano and participated in song. Miss Hiatt is a very young miss but plays piano splendidly.

The Charleston Leader is quitting its location at 18 Summers street and moving to 809 Kanawha street. There will be no paper issued Thursday and Friday while the move is being effected.

The report of Major E. A. Stuart, of enlistments during the month of June shows that Charleston is credited with 70, Huntington 47, Wheeling 42, Clarksburg 30, Bluefield 21, Parkersburg 18, Keyser 10 and Ronceverte 9, making a total of 238.

Dr. Frank B. Trotter, Senator Howard Sutherland and Governor John J. Cornwell were elected vice presidents of the National Council of American Patriots, a new organization for carrying on patriotic propaganda during the war with Germany and thereafter.

Major John C. Bond, former adjutant general of West Virginia, holding the position under Governor Henry D. Hatfield, is believed to be near the battle front in France. No word has been received from him for several weeks but his last letters indicated that he would be on the western front at a point where the fighting is red hot at this time.

Fed Black, of Mannington, superintendent of the drilling department for the South Penn Oil company, arrived in Charleston this week and will remain for several days looking after business for the company in this section. The South Penn has a lot of production in the Blue Creek field and Mr. Black will spend most of his time there.

"OVER THERE" IN A HURRY. H. Everett Hamilton, son of J. Y. Hamilton, merchant, of Fairview, was safe in France just thirty-one days after he left home, according to a post card received recently by the young man's father. It was just that long to the day since he said good-bye, enlisted and had sailed. Hamilton is a member of the embalmers' unit.

How to Avoid Those Pains and Discomforts Which So Many Mothers Have Suffered.

Too much cannot be said for a wonderful preparation, familiar to many women as Mother's Friend.

It is more effective in its action than all the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon the cords, tendons and muscles of the abdomen, rendering them pliant, and they expand gracefully without that painful wrenching strain.

The occasion is, therefore, one of the most joyous and anticipated of a woman's life. It is a time when the mother's body is in a state of strain and the mind is full of anxiety.
